Thousands of teachable moments. One great adventure! Taking their first steps. Learning to tie their shoes. Starting school. Struggling with homework. Going on a mission trip. Beginning their first job. Your children's lives are filled with moments like these. Thrilling, scary, dangerous moments when they can step out and learn something new about themselves and the world. Pivotal moments when you can teach them how to succeed in life and how to rely on God for their needs. Are you up to the challenge? *The Parent Adventure* will help you teach your children to love God and pursue His purposes for their lives. This study suggests ways you can build your children's faith through the day-to-day stuff of life. Though parenting is challenging and scary, it is also exciting and rewarding. The adventure lies in using those everyday teaching moments to prepare your kids for a lifetime with God.
